

## INFORMATION ON REVIEW PROCESS

***Revista de Estudios Norteamericanos*** employs the process of double-blind peer review to assess manuscripts. Papers from scholars whose research meets the scientific criteria established by the journal and summarized in the Guidelines for Authors should be submitted via the OJS platform. Contributions should follow the formal instructions for submission also included in the Guidelines for Authors, and will be anonymously evaluated by two different advisors according to the criteria specified in the Assessment Form and the Guidelines for Referees. A third expert may be consulted if advisable. Authors will receive a full report of the referees' reasons for their decision.
